Choose the perfect tattoo and get it done for free

Have you ever toyed with the idea of getting a tattoo? If you've seen the tattoos churned out by seedy tattoo parlours in dingy alleyways, then probably not. But catch a glimpse of a truly breathtaking tattoo, vibrancy streaming out in pulses of radiant energy, and you'll certainly want one of your own!

However, creating a tattoo that powerful involves a special partnership between client and artist. The client needs to find an image that symbolizes a very personal emotion or idea, and the artist needs to call upon skill and experience to transform that image into a tattoo. Only with both these elements of emotion and skill can a tattoo come to life!

Talisman, Chennai's premier tattoo boutique, is in the business of bringing tattoos to life. Its artists – Amar and Nisha – have worked on over 7000 tattoos and have learnt true tattoo technique from Thai masters with decades of experience in the art. This makes them Chennai's first professional tattoo artists. Add to this the strict hygiene norms they employ at the boutique, and their quality, imported tattoo equipment, and it's clear why Talisman is poised to redefine tattooing in Chennai.
